

MARCELO TOMIO HAMA (he/him)

SUMMARY

IT and Software Eng. Manager with emphasis on platformed digital products oriented for high performance in the cloud. My career was founded as a Software Engineer from 2006 to 2018, where I worked on projects in the areas of education, internet engineering, and e-commerce. Started tech leadership from 2018 and people management from 2021, leading people structures ranging from 6 to 40 engineers with different technical knowledge and at all levels (junior to specialists) in business areas of core banking, payment systems, e-commerce, and high performance platforms of indicators processing. On parallel agendas I also work as university professor, speaker, and content writer for tech education.

PROFESSIONAL EXPERIENCE
